

Fun Cow Facts

Cows drink tons of water everyday, they drink enough as a bath tub full of water!

Chewing the cud, is not just an expression we like to say-cows actually chew the cud which is regurgitated and partially digested food for 8 hours a day!

Cows eat for 8 hours a day which is equivalent to 40 pounds of food every day

Cows have 32 teeth and chew at a rate of 50 times a minute, meaning they move their jaws a whopping 40,000 times a day!
